

Download Now!

You can find CVS repository and carry out the Download of all project released files from Source Forge site at: <http://sourceforge.net/projects/isogest>

We have included two compressed versions of the package, a '.tar.gz', and a '.zip' format but in truth their content is absolutely identical and works both in Windows and Linux systems.

[IGStaff]

More than 8000 Download

Since its first release as opensource software IGSuite has had **beyond 8000 download**. Thanks to Sourceforge.net this is the diagram of last 60 days relative to the every day total download.
